

SPOONER MEN  
REJOICE MORE

Dane County Results Are Even Better Than Ever Before.

## SPOONER INVITED

The Central Committee Asks Him To Stump the State for Ticket.

## DOINGS AT ELKHORN

(Special A. D. Dispatch). Madison, Wis., Sept. 12.—Now that the complete returns in Dane county have been received the apparent strength of the Spooner element is much larger and stronger than was reported yesterday morning. Spooner and his followers have carried everything before them and while there is no one candidate for the legislature yet decided upon still it will be necessarily a man who will pledge himself to vote for Spooner unconditionally. The anti-Spooner men were completely snowed under and the coming legislative conventions will be composed of strictly Spooner men.

**Committee's Action.**  
The action of the republican state central committee in session yesterday at Milwaukee in deciding to ask Senator Spooner to speak in the state during the coming campaign is creating considerable talk among politicians. While such a move has been expected still it is felt by the senator's friends that it would be a mistake for him to go onto the stump for the platform that refused to endorse him without the string attachment. They hope that he will refuse to take any notice of the invitation and will remain away from Wisconsin until after the election or just at that time.

**Other Actions.**  
The other actions of the state central committee as to special train and assessments are approved of, although the politicians here believe that the attempt to whitewash the Harvey matter over was poorly done and showed bad generalship. They also characterize the plan as a foolish move and the talk that concession should be made on the side, that the state office holders had been too active and on the other that the state office holders, such as game wardens and all inspectors had done more than their office required of them, they called merely trifling with the matters in hand.

**Spooner Endorsed.**  
The Elkhorn convention yesterday afternoon endorsed John C. Spooner in no measured terms. They were emphatic in their demands for his re-election. They also passed a resolution as to the amendments to the caucus laws that practically kills all of the plans of the Stevens primary election bill, although it holds that the caucus laws should be so amended that the voting of one party in their opponents' caucuses would be abolished.

BELOIT HAS NEW  
TEACHER OF MUSIC

Prof. Tyler of Brooklyn, N. Y., Has Been Added to the College Faculty.

Beloit, Sept. 12.—Abram Gray Tyler of New York, secretary of the American Guild of Organists will come to Beloit this fall to take charge of the department of music of Beloit college. It was felt that the leaving of Prof. B. D. Allen last spring was an almost irreparable loss to the department of music, but President Eaton is enthusiastic over the prospect of securing so good a man to take charge of the work.

**Original Plan Abandoned.**  
At the close of last year arrangements were made for the appointment of a student organist and a student chorister, but this plan has been abandoned. The corps of teachers in charge of the musical department for the next year will consist of Myron E. Barnes of Rockford, vocal music; J. F. Edgerton piano; C. E. Cunningham, of Rockford, violin; and A. G. Tyler, organ.

COLLEGE CLASS FIGHT  
PROVES SHORT AND HOT

Boys and Girls at Old Wittenberg Indulge in Fierce Scrimmage at Springfield.

Springfield, Ohio, Sept. 12.—The annual class fight between the freshman and sophomore classes of Wittenberg college took place here last night. The contest was short but exceedingly hot. The feminine portion of the class also took an active part. The sophomore girls locked a freshman girl in her room in the second story and tied her to a chair. She fastened the rope, tied it to a window sill, and slid down to the ground, badly lacerating her hands. She helped in the row. Charles Bowers and Arthur Rudman were carried from the field in an unconscious condition but recovered later. It is feared that Frank Serviss has received internal injuries from a kick.

RICH MEN WILL  
AID FILIPINOS

Senator Hanna and J. Pierpont Morgan Will Establish Churches There.

New York, Sept. 12.—(Special).—Pierpont Morgan and Senator Hanna are interesting themselves in behalf of the Filipino. A statement was issued today, signed by the gentlemen named and by George McCulloch Miller, New York; James L. Houghteling, Chicago; William H. Crocker, San Francisco, and Samuel Mather Cleveland, in which it is said that the moment is ripe for the American nation to render an unprecedented service to Christianity and for the church to save the nation. It is important that American Christianity should be in a position to carry on such work among the natives (Filipinos) as will convince them of the benevolent intention of the people of the United States. The statement says: "In order that the church may not be entirely dependent upon the uncertain gifts of distant competitors a sum sufficient to yield an annual income should be raised."

**Large Sum.**  
The sum mentioned is \$1,000,000 and the Morgan banking house is mentioned as willing to receive this sum, the signers agreeing "to make such arrangements as shall seem best to secure the permanent holding of the principal of the fund and the payment of the income for the use of the Filipinos."

It is said that Mr. Morgan gave the \$100,000 to build the Manila Cathedral, but this cannot be confirmed, it being declared that the name of the giver is withheld "for the present."

## SPARKS FROM THE WIRES.

Four strikes were settled by arbitration in Chicago Thursday. Rear Admiral Beresford and other notables called for New York. Investigations will be made of the proposed trading trust in Alaska. Predictions were made in St. Louis every member of the council will be indicted and put under arrest.

Governor Yates of Illinois, and his staff attended the district fair at Kankakee, Thursday. Chicago teachers expressed their indignation because of the deduction for labor day in the pay roll. Under the criminal law amendment an Austrian prince has been held for misconduct by a London grand jury.

Mayor Harrison of Chicago declared that the county treasurer feared to have experts employed on his books.

German jurists in convention in Berlin discussed legal regulation of combines, and adopted important resolutions.

Marie Henriette, the queen of the Belgians, had a relapse and the physician was hurriedly summoned to Spa.

Three deaths from cholera were reported on the transport Sherman en route between the Philippines and Japan.

Miss C. McGrath, the Chicago teacher, who claimed that her dismissal was unjust will be tried publicly to determine her efficiency.

American generals charged with the cavalry led the Kaiser in the sham attack on infantry in the German army maneuvers at Frankfurt.

The ownership of fifty Chicago retail cigar stores has been claimed by the American tobacco company after the consolidation of its Chicago agencies.

British scientists in convention at Belfast eulogized the educational methods of the United States, and urged Britons to emulate their American cousin.

William McKinley memorial services will be held in the First Methodist church of Chicago on Sunday. Senator Dolliver of Iowa and others will speak.

Edward Harbert of Chicago believed that his wife killed herself and her four children. Search failed to give any clue of their whereabouts.

Charles Francis Sidney Colomb embezzled \$5,000 from the Chicago firm of Woolley & Company; he was arrested at Buffalo and taken back to Chicago.

Operation by the consolidated meat packing interests will begin on September 27. All plans have been arranged, but the details were left subject to revision.

Governor Stone of Pennsylvania and the Peoples' Alliance met in conference with regard to settling the anthracite strike, and averting the trouble in the future.

Orders have been issued by the Secretary of the Navy sending the battleship Wisconsin and the cruiser Cincinnati to the Isthmus of Panama to enforce the treaty stipulations.

Tips in forming a trade combine with local merchants to sell corsets, and on holding openings to display new ideas were presented to the Dressmakers' convention in New York.

Members of the Chicago special grand jury found it difficult to follow up the Masonic Temple tax cases owing to the absence from the city of many men, whose testimony was needed.

Chicago hotels have been crowded by commercial travellers, shoppers, and tourists, and have been unable to accommodate all who have applied. The country's prosperity has been named as the cause.

Canadian ministers ignored the reported differences with Chamberlain over the defense; Laurier and his colleagues are known to have resisted the proposal that the dominion share the naval and military expenses.

NO SETTLEMENT  
YET PROMISED

The Situation Remains the Same as When Strike Began.

## HAVE ONE RIOT

Wilkesbarre Coal Workers Mob a Car of Non-Union Men.

## COLLIERY TO OPEN

(Special By Scripps-Mellae.)  
Tamaqua, Pa., Sept. 12.—From the sentiment expressed in this valley the coal strike is as far from settled today as it was when it started. That a break is to be soon made is known but just where it is not definitely known. It is said that the Sharp Mountain colliery will open next Monday.

**As To The Men.**  
It is not known whether this move is another on the part of the operators to bring in non-union men or whether they will open to union men and grant the demands of the strikers. It is stated that the out put of coal is increasing day by day. This morning the non-union men went to work unnoticed by the strikers.

**At Wilkesbarre.**  
Three hundred strikers this morning held up a trolley car near Prospect colliery and took off seven non-union workmen and handcuffed them very roughly. Two escaped, but the rest were fired at and driven away from the colliery.

INSUBORDINATION  
NOT THE CHARGE

Mayor Low Hints at Serious Complaints Against Fire Chief Croker of New York.

New York, Sept. 12.—(Special).—Charges even more serious than the accusation of insubordination are to be preferred against Chief Croker of the fire department, according to Mayor Low, who today issued a formal statement, in which he asserted his confidence in Commissioner Sturges and pleaded for the good will of the public in sustaining him in his position. By implication rather than directly the mayor intimated that the charges in part at least, would have a bearing on the scandalous conduct of the department under the last administration, especially in the purchase of supplies, for which former Commissioner Scannell is under indictment for conspiracy, irregularities, "far reaching and serious" the mayor said, had been found in the department, and he hinted strongly that the chief was in some measure responsible for them.

GUILTY OF WITCHCRAFT  
AFTER TRIAL IN COURT

Woman Convicted Under Indictment Charging Indulgence in Fortune Telling and Necromancy.

Carlisle, Pa., Sept. 12.—In the Cumberland county criminal court Mrs. Sarah McBride of this city was convicted of witchcraft after a day's trial. Sentence was suspended.

The formal charges in the indictment upon which Mrs. McBride, a woman of 60, was tried, stipulated that she indulged in "fortune telling, necromancy and false pretenses."

Mr. and Mrs. Edgar Zug claimed that they paid Mrs. McBride over \$500 in return for which she gave them information concerning the location of a \$30,000 treasure hidden in their yard. Zug dug for the money, but did not find it. Mrs. McBride claimed that she only told fortunes by cards for pastime.

## WOMEN CLEAN UP UTICA, IND.

Tired of Men's Inaction, They Build Sidewalks and Mow Weeds.

La Grange, Ind., Sept. 12.—The women of Utica, a town north of this city, growing weary of waiting for the men to make needed improvements, formed themselves into a committee under the leadership of Mrs. Leon Merrell and literally cleaned the town. The sidewalks had been washed away by heavy spring rains and the streets were lined with weeds. The women built over a mile of sidewalk and then cut down the weeds.

## MURPHY IS IN CROKER'S SHOES

Head Triumvir of Tammany to Succeed to Leadership.

New York, Sept. 12.—Charles F. Murphy, head of the Tammany triumvirate, who has been selected by the present rulers to succeed Richard Croker as leader of the organization, was formerly dock commissioner. Politicians predict that in the event of success at the primaries next week the Croker faction in the wigwam will unite on Murphy as the former boss' successor. The Carroll men, however, sneer at the Murphy boom.

OIL FIELDS ARE  
BURNING UP

Beaumont, Texas Liable to be Swept Off the Earth.

## FIRE IS RAGING

Country, Soaked in Oil, Cannot be Put Out.

## MILLION DOLLAR LOSS

(Special By Scripps-Mellae.)  
Beaumont, Texas, September 12.—Shortly after midnight last night fire broke out in the Keith Ward tract at Splindle Top. It spread rapidly to the gusher in that vicinity and is literally sweeping the entire oil field off the earth. The escaping gas from the wells has made the work of saving the property almost impossible.

**Fire Aid Rushed.**  
As soon as the fire was discovered all the available fire fighting apparatus was rushed to the scene but was unable to do any good the fire feeding on the lakes of oil formed by the explosion of the tanks and the destruction of the piping of the gushers. Only two men are known to be injured thus far.

**Loss A Million.**  
The loss at daylight exceeded a million dollars and the fires were still raging. The greatest excitement prevails and women and children are running through the streets in a crazed condition. The whole city may burn.

AUTOS CAN NOT  
HOLD BIG RACES

District of Columbia Refus s to Permit Auto Races During Encampment.

Washington, D. C., Sept. 12.—(Special).—The board of commissioners of the District of Columbia has notified the G. A. R. encampment committee that the proposed automobile race here on one of the public streets will not be permitted, owing to the great danger that it would involve. The commissioners, however, are in favor of a floral parade as a feature of the encampment program.

Arrangements may be made for automobile contests on the Benning race track during the encampment. John Hay, Secretary of State, has accepted the invitation to be present at the dedication of camp Roosevelt, which is to be a feature of the coming encampment, and to deliver the oration. Camp Roosevelt is to be located in the White Lot grounds, just south of the White House. The tents which will be constructed there will be used for reunion purposes. The dedication will occur on Monday afternoon, October 6.

QUAY MAKES MOVE  
TO SETTLE STRIKE

Senator Soon to Announce Peace Committee, Which Will End the Miners' Fight.

Philadelphia, Pa., Sept. 12.—The belief that the beginning of the end of the great coal strike will come within a few days is stronger than ever. A man close to Senator Quay said:

"Senator Quay will soon announce the members of the strike settlement committee of seven, and within forty-eight hours after the committee is organized the first open measures toward ending the strike will have been taken."

David H. Lane probably will be the chairman of the committee. Senators Quay and Penrose will be members, but who the other four men will be is not known.

Senator Quay and resident Baer had a brief conference. At its conclusion neither would make any statement.

**King's Jockey Hurt.**  
Doncaster, Sept. 12.—Herbert Jones, King Edward's jockey, was firing in a rifle range when a fragment of a bullet struck him in the right eye, lacerating it badly. An operation was performed.

**Officers Kill a Burglar.**  
Wheeling, W. Va., Sept. 12.—Burglars were surprised by officers while trying to crack the safe in the Panhandle passenger office. One of the burglars was killed.

**Many New Cholera Cases.**  
Cairo, Sept. 12.—The weekly cholera returns for Egypt show that there have been 1,380 fresh cases reported, making totals since July 15 of 20,328 cases and 16,269 deaths.

**Student Explorers Killed.**  
Vienna, Sept. 12.—Another fatality is reported from the Hungarian Carpathians. Two university students, Dampfer and Marchovsky, fell down a precipice and were instantly killed.

**Storm Damages Hop Crop.**  
London, Sept. 12.—Experts estimate the damage done to the Kentish hop growers by the storm of rain and hail at fully \$500,000.

**H. C. Landt of Clinton was in the city on business this morning.**

WARSHIPS SENT  
TO THE ISTHMUS

The Wisconsin and Cincinnati Will Look Out for American Interests.

Washington, Sept. 12.—(Special).—The commanders of the battle ship Wisconsin at Bremerton and the cruiser Cincinnati at Cape Haylen were today ordered by the secretary of the navy to proceed to the Isthmus of Panama, and the latter to take station at Colon and the former at Panama. It is expected that it will take the Wisconsin twenty days to make the long run down the Pacific coast. The alarming situation on the Isthmus is responsible for the orders, it being feared that there is danger to American property interests as a result of the revolutionary struggle. The gun boat Montgomery will replace the Cincinnati at Port-au-Prince.

## Enforce Treaty

All the commanders will be instructed to enforce our treaty stipulations with Colombia by preventing any interference with traffic, and also to prevent a bombardment of Panama from the sea on the ground that this in itself would constitute a menace to traffic. Neither the Wisconsin nor the Cincinnati carries very large maritime contingents, but any lack in this respect, it is said, can be made up by equipping jacksies for shore duty should it become necessary.

In order to be prepared for emergencies the United States steamer Panther has been ordered to take aboard a battalion of marines on her arrival at League Island and proceed to Colon. Colonel B. R. Russell will command the marines, and Major Barnett will be second officer.

## STATE NOTES

Racine business men have planned an elaborate park and driving course along the river.

A meeting of the Cheesemakers' association of Wisconsin will be held in Milwaukee during the first week of January, 1903.

Despite the cool weather the Juneau county fair at Mauston was attended by 4,000 persons.

William Ellsworth of Racine, was assaulted by two tramps and relieved of his valuables amounting to \$14 and a \$50 gold watch.

As the result of the stabbing affairs which have occurred recently in two Appleton saloons the licenses of the proprietors were revoked.

Arrangements have been made for a grand athletic carnival and series of Olympian games to be held at the Wisconsin state fair next year.

Ex-Sheriff Snyder of Waukesha has been appointed to succeed the late Lieutenant Culver as chairman of the soldiers' commission of Waukesha county.

At the second day of the convention at Madison of the state woman's suffragists the liquor traffic was vigorously assailed by the speakers of the day.

The annual convention of the roadmasters and maintenance of the W. V. officials was closed at Milwaukee on Thursday, after a very profitable session which was largely attended.

Among the exhibits at the Green Bay fair was an old fashioned fire engine, which was purchased by the government many years ago for use at Fort Howard.

Vandals entered one of the Waukesha school buildings and destroyed valuable maps, threw all the ink they could find over the desks and floor and damaged other property.

Harry L. Steffler of Reedsburg left for Blair some days ago to be married, having one hundred dollars in his pocket, and has not been seen or heard from since.

By the capture of two Milwaukee men the police believe that they have found the highwaymen who held up Walter Laudon of the Steinmeier Co. last Saturday afternoon in Milwaukee.

A Polish mutual aid and protective association to which only persons of Polish descent will be eligible for membership was organized in Milwaukee under the name Towarzystwo Patryotyczne Polskie.

Thomas Edison, the inventor, will take action toward the discontinuance of the name "Edison Amusement Parlors" which is now used in connection with a penny-in-the-slot picture exhibit in Milwaukee.

A five pound can of gasoline exploded on a delivery wagon at Appleton Thursday setting fire to the rig, destroying a load of groceries and burning off the horse's tail.

Bishop Gratton decided that it will be impossible for the church members of Grace Episcopal church of Sheboygan to oust their rector as they called for life, and not for one year as supposed by the vestry.

Five new members have been added to the Lawrence University faculty, among them Edward S. Merrill, the well-known Beloit athlete, who will act as professor in the Latin department, and athletic director.

Unless the railroad officials will grant a rate of one half the ordinary charges, no blooded stock of any description will be exhibited at any of the state fairs of the Middle West next year, according to a decision of the Milwaukee State Fair officials.

Thursday, the first day of the actual competitive firing was held on the rifle range at Camp Douglas. Lieutenant Leon Enslin of the Third Regiment scored a possible 125 in revolver practice, thereby securing a revolver given by General Charles King.

Miss Kate Shelley of LaCrosse, the woman, who many years ago won national renown by saving a train on a bridge near Moline, Iowa, has been given a position as nurse in the Iowa State insane hospital in Cherokee, Iowa.

ROCK COUNTY MEN  
WIN SOME PRIZES

Winners at State Fair Include Awards for This County.

## AFTER RAILROADS

Hoo Hoos Have Adjourned—Jahr Markt a Success—Other News.

## METHODISTS MEET

(Special A. D. Dispatch).  
Milwaukee, Wis., Sept. 12.—All exhibitors at the state fair have joined together in one common cause to have the railways cut their present high rates in two. As a retaliation they say they will not exhibit at any more of the fairs if this is not done. They claim that the present rates are not justified by the amount of traffic that is coming over them and they are a unit in protesting that it is injuring their interests to pay such high railway rates.

**Rock County Winners.**  
Among the Rock county exhibitors who have won prizes are William Zull of Johnstown, Arthur Sterlecker of Janesville and T. H. Inman of Hanover. Mr. Zull was awarded first in the grade coacher class. First in brood mare with foal at side; first for mare under two years; first for mare under one year; first for colt foal; first for brood mare with foal. Arthur Sterlecker captured second for best animal over 15 1-2 hands high; first and second for the best stallion three years old and under, and third for mare three years old. T. H. Inman was first with a bull under two years old and over one; first with a bull calf; first and second with a bull cow; first with a heifer under two; one; first with the produce of one cow for four year and first and second and third for Junior champion bull.

**Hoo Hoos Celebrate.**  
The giant order of the Hoo Hoos completed their concatenation yesterday by embalming their past Grand Snark of the universe and visiting the Jahr Markt. They will leave the city today. The Jahr Markt is a grand success and many thousands of visitors spend the entire day and evenings there. Coal merchants in the city are much disturbed over the condition of the coal market. There has been no coal shipped into Milwaukee since June 13, the supply is almost gone with no chance of replenishing it. The prices are all right but there is no coal to deliver at any price.

**Methodist Conference.**  
The Methodist conference decided that some radical steps must be taken in the matter of conversions as the number for the year past had fallen below the usual average. Reports were made on the Milwaukee district and also on that of Northern Wisconsin. A plea was also made for the higher education of the negro.

**Soliciting Funds for Negro School.**

Two Colored Divines Are in the City in the Interests of Ambidexter Institute.

Rev. J. W. McDaniels and Rev. D. E. Murff, two talented colored divines, are in the city in the interests of the Ambidexter Institute, an industrial school located at Springfield, Ill., for the education, betterment and advancement of the colored race.

The gentlemen will remain here over Sunday and will call on the business men of the city, hoping to secure financial aid for the school with which they are connected. Last evening they addressed large audiences at two prayer meeting services, Rev. Murff speaking at the Congregational church and Rev. McDaniels at the Baptist church.

**Their Object.**  
The object of the trip which the gentlemen are making through this and other states is to raise at least \$10,000, a gentleman in Bloomington, Ill., who is interested in the work, having pledged himself to double that sum when it is raised. The money is needed to enlarge the school which is now crowded to its full capacity. This fall over one hundred students have applied for admission who cannot be accommodated. The school property as it now stands, is worth about \$5,000 and has only seventeen rooms in the building.

**A New Institution.**  
Ambidexter Institute was founded June 1, 1901, its purpose being similar to that of Booker Washington's school in the south. It is an industrial school which aims at a practical work for both colored men and women. The former are taught some trade or profession and the latter cooking and housekeeping in connection with the academic course of study. It is the only school of the kind in this section of the country and is in the center of a large field, drawing students from all the surrounding states. It now has an enrollment of 114 students and this number could be more than doubled at once if they could be accommodated.

The number of visitors at the State Fair from this city today was nearly up to that of yesterday.

## WINTER STUDY AT THE Y. M. C. A.

PLAN TO INTRODUCE A FULL  
LITERARY COURSE.

### DESIGNED FOR BUSINESS MEN

It Will Open on October Sixth, with  
an Able Corps of Instruc-  
tors.

Plans for the fall and winter edu-  
cational work of the Y. M. C. A.  
have been completed and a prospec-  
tus will be put before the public in  
a few days. The work will em-  
brace classes under competent in-  
structors in literary, mechanical and  
historical branches, or any subject  
which a sufficient number may elect  
to pursue. A registration fee to  
cover the bare cost of tuition will  
be charged.

For All Around Training.  
"Read, Act and Develop Both Mind  
and Body" is the inscription on the  
title page of the little folder which  
will be issued shortly. The prospec-  
tus will give a list of the studies  
which may be taken up if sufficient  
interest is displayed, among them  
elementary law, penmanship, mechan-  
ical drawing, vocal music, mechanical  
and electrical engineering, and  
several other courses. All that will  
be necessary to secure a class in  
any one of these topics will be for  
them to signify their desire of enter-  
ing it.

An Open Class.  
In addition to these courses in  
which tuition fees will be charged,  
there will be a general literary  
course. This will consist of read-  
ing, literary discussion, an open  
parliament and general talks which  
will be open to all. The instructors will  
probably be the same who have  
taught the classes so successfully in  
the past, but no definite announce-  
ment can be made yet.

Begin Soon.  
October sixth has been set as the  
date for the organization of these  
evening educational classes. The  
course will extend over a period of  
about six months and will be con-  
ducted on much the same lines as the  
last two years.

## BELOIT COLLEGE PROSPECTS GOOD

Field Secretary Vogt Tells of the  
Prospects for the Coming  
School Year.

Von Ogden Vogt, field secretary of  
Beloit college, was in the city for a  
few hours last evening. Mr. Vogt  
has done some excellent work in se-  
curing students from new fields who  
will enter Beloit classes this fall.  
His duties embrace those of inter-  
esting possible students in the col-  
lege as an unsurpassed institution of  
learning and interesting others in  
the school as a profitable field for  
financial investment.

Large Incoming Class.  
Mr. Vogt speaks very glowingly of  
the prospects for a large freshman  
class. If the number of letters ask-  
ing for information may be taken as  
any criterion the number will not  
drop below that of last year. It is  
too early to give a definite estimate  
because it is probable that many  
will present themselves for enroll-  
ment on the 24th, who have as yet  
given no token of their expected en-  
try at that time.

## NOT A LIE, BUT A FISH STORY

All Koshkonong Records Have Been  
Broken by the Follow-  
ing Tale.

Several well known loggers in  
Northern Wisconsin were relating  
their experience when a modest  
young fellow told of an experience  
he had while on a cruise in the west-  
ern states not long ago. Here is the  
way he put it: "I don't like to com-  
pete in fish stories, because I am  
not a fisherman, but I will take the  
liberty of telling my personal ex-  
perience as a fisherman. While in  
the state of Washington last sum-  
mer I went out to a little lake one  
foggy morning reaching what I sup-  
posed was the lake shore about 4  
a. m. I began operations and pulled  
out the fish as fast as I could  
throw in my hook. When day  
broke I had a wagon load of the finest  
kind of fish, but could find no  
lake. Upon investigation I discovered  
that I was a half mile from the  
lake and had been fishing in the  
fog."—Rhinelander New North.

### CROP OUTLOOK.

The outlook on most of the cran-  
berry marshes of Wisconsin promises  
a large yield of those berries this  
season. On some marshes there was  
a lack of snow last season and as  
a result many vines were winter  
killed and this has caused a short-  
age of the crop on those few  
marshes.

There is a promise of a fine crop  
of both field and sweet corn in this  
state this season. The sweet corn  
is being canned at this time and the  
pack will be a fairly large one, and  
the quality of the best.

The sections of Wisconsin where  
cucumbers are grown for pickles re-  
port that the crop will be an unusu-  
ally large one this year.

At the present writing the outlook  
for a large tomato crop is not very  
promising throughout Wisconsin.  
The wet weather that prevailed  
throughout July kept the plants grow-  
ing very strong and they are not  
fruiting very heavily as yet and  
they will be very late in ripening.  
Some are fearing that early frosts  
will destroy the late crop.

Pleasing Party: Miss Gertrude  
Cobb entertained about fifteen of her  
lady friends at her home on Center  
street yesterday afternoon in honor  
of her cousin, Miss Cobb, of Ash-  
bury Park, N. J.

## HE DISCHARGED ALL THE POLICE

But a Few Drinks Afterwards, Per-  
suaded Him He Was  
Wrong.

An alarming situation has placed  
the St. Paul police out of commission  
and should they consider the de-  
cided firing they received might before  
last one of the Twelfth cities will be  
without protection from robbers at  
all. The alarming news was con-  
veyed in the following dispatch:  
St. Paul, Minn., Sept. 10.—Police  
Commissioner William Foelschen last  
evening ordered Patrolman Galvin to  
arrest a man. Galvin was not on  
duty and declined to do so. Foelschen  
then arrested Galvin and took him  
to the Central police station. Chief  
O'Connor was not there and  
Foelschen promptly discharged him.  
Captain John Clark tried diplomacy,  
but he, too, was discharged. Cap-  
tain William Hanft argued with Foelschen  
and was let out. Lieutenant  
Henry Myerding was discharged  
three times in five minutes. Sec-  
retary Mount of the commission was  
bounced and the entire detective  
force let out. Then the telephone  
operators followed. Foelschen was fi-  
nally induced to take a few more  
drinks and went home.

## CHICAGO MEN TAKE TRIP IN AN AUTO.

Were in This City, and Will Spend  
Two Weeks Touring Wis-  
consin and Minnesota.

Three gentlemen in a large auto-  
mobile that attracted considerable  
attention, arrived in the city last eve-  
ning, were from Rockford. The  
gentlemen in the party were Louis  
T. Reunitz and Dr. Crosbie W. Davis  
of Chicago and L. Derango, the  
chauffeur of Cleveland, O. The party  
left Chicago Wednesday morning for  
a two weeks' outing through Wiscon-  
sin and Minnesota and expect to travel  
about fifteen hundred miles before they  
get back to Chicago.

Big Machine.  
They had a sixteen horse power  
Peerless gasoline machine with a  
seating capacity for four persons and  
capable of running forty miles an  
hour. The gentlemen were all equip-  
ped with leather coats and caps and  
eye shades to protect themselves from  
the dust and weather.

Go To Edgerton.  
They left here about 4:30 p. m.  
for Edgerton, Stoughton and Madison.  
Mr. C. A. Benjamin, who is here  
from New York explaining the good  
points of the locomobile, was ac-  
quainted with the gentlemen and as  
he was about to start for Edgerton  
they left town together, going up  
North Bluff street at a high rate of  
speed. The little locomobile run-  
about was holding her own with the  
big machine when they went out of  
sight.

Too Much Noise.  
One objection that the ordinary per-  
son would have to the big gasoline  
machine was the noise made by the  
exhaust. It was almost as noisy  
as a locomotive.

## REMAINS TAKEN TO SHEBOYGAN HOME

FUNERAL THERE TOMORROW

Death of Mrs. Neuses Occurred on  
Her Wedding Anniversary,  
After Attending Chapel.

Funeral services for the late Mrs.  
Peter E. Neuses will be held at She-  
boygan, tomorrow morning at 10  
o'clock, the remains having been taken  
from Milwaukee to the home of the  
bereaved mother, Mrs. Philip  
Neuses. Mr. Neuses returned to his  
home in this city last evening and  
this noon he and his two oldest chil-  
dren, accompanied by Patrick Kavanagh,  
went to Sheboygan.

The death of Mrs. Neuses was pecu-  
liarly sad because of the fact that  
she was slowly but steadily improv-  
ing under the expert treatment at  
the sanitarium. The slowness of  
the improvement, however, had a de-  
pressing effect on Mrs. Neuses and  
she seemed especially despondent on  
Wednesday after receiving a letter  
from her husband in which he wrote  
cheerfully of the fact that he was  
sure she was recovering her health  
and referred tenderly to the fact  
that yesterday their wedding anniver-  
sary. It was thought that this letter  
would prove beneficial to Mrs. Neuses  
but for some strange reason it  
seemed to have an opposite effect.  
The fact that Mrs. Neuses chose  
the anniversary of her wedding day  
on which to end her life added to the  
pathos of the tragedy.

She attended services in the chapel  
yesterday morning in company  
with the nurse who had been assigned  
to care for her. They left the  
chapel arm in arm at 6:30 o'clock  
and were returning to the patient's  
room on the second floor when Mrs.  
Neuses suddenly wrenched herself  
free from the nurse and ran toward  
the balustrade surrounding a circular  
stairway. Without once looking be-  
hind and before the nurse could  
grasp her clothing Mrs. Neuses leaped  
over the banister to the stone  
flooring below.

Calling assistance the nurse picked  
up the prostrate form and carried it  
to a couch. She lived about fifteen  
minutes in an unconscious condition,  
lying before the arrival of a phys-  
ician. While severely injured, death  
was directly due to the shock to an  
already weakened nervous system.

Mrs. Neuses' action in leaping to  
death was as much of a shock to the  
patients, nurses and physicians at the  
Sacred Heart sanitarium as it was  
to her many friends here. The be-  
reaved husband and children have  
the sympathy of the entire commu-  
nity in their great sorrow.

Mr. Ira Blagham of Koshkonong  
were in the city today and at-  
tended the shooting match.

## NEIGHBORS' ROW GETS IN COURT

MRS. CATHERINE EGAN IS THE  
COMPLAINING WITNESS.

### CLAIMS KLEEB THREW STONES

Their Back Yards Adjoin, and They  
Have Not Lived in Peace  
and Harmony.

Mrs. Catherine Egan will bring Ed-  
ward Kleeb into Justice Reeder's  
office next Monday morning to state  
the motives which prompted him to  
throw stones at her house as she  
alleges. Her claim is that damage  
to the amount of several dollars was  
done her residence in the shape of  
broken windows and dislocated plas-  
ter.

Trouble Long Standing.  
Mrs. Egan lives on South Jackson  
street and Kleeb on Chestnut street  
with their back yards adjacent. This  
is not the first indication of trouble  
between the two parties. Some  
months ago Kleeb had some carpets  
beaten in his backyard, and his back  
door neighbor objected to the dust.  
Thereat it is alleged she collect-  
ed various odds and ends from her  
premises and bawled them over the  
boundary fence telling Kleeb to  
keep his dirt at home.

Grows Fast and Furious.  
Since that date hostilities have  
been open, but according to Mrs.  
Egan's allegations, the advantage  
has always rested with the defen-  
dant in the case. She says, he  
has thrown stones at the house of  
his fair neighbor with such force that  
the plaster has been shaken from the  
walls. That he has smashed windows  
by hurling mammoth rocks over  
the division fence." Mrs. Egan  
even claimed that matters reached  
such a point that she dared not go  
out to the barn for fear she would  
be hit by one of the missiles which  
Kleeb was hurling so efficiently. In  
fact she was obliged one one occa-  
sion, so she says, to crawl into the  
house on her hands and knees.

Caught in the Act.  
The irate woman affirms, moreover,  
that although she knew full well  
that Kleeb was guilty of these vari-  
ous acts, she never saw him throw-  
ing the stones when they did any ac-  
tual damage. A few days ago her  
fortune was better and from an at-  
ticle window, according to her story,  
she saw him pick up a small sized  
stone and throw it at one of her back  
windows. With this proof of his guilt Mrs. Egan  
immediately consulted C. W. Reeder,  
and Monday is the day set when  
Kleeb will be granted an opportunity  
to tell his side of the story.

## MAN AND WOMAN HELD UNDER BAIL

Mrs. Gallup and Thomas Bickel  
Are Now in the Rock  
County Jail.

Thomas Bickel and Mrs. Louie  
Gallup, the Milton Junction parties  
charged with adultery by John B.  
Gallup, Mrs. Gallup's husband, were  
brought before Judge Filfield yester-  
day afternoon.

Bickel was arrested yesterday  
morning and lodged in jail and Mrs.  
Gallup was not secured until after-  
noon. When brought before the  
court by undersheriff Cochrane the  
prisoners demanded an immediate  
examination. On account of the ab-  
sence of District Attorney Jackson  
from the city the case was adjourned  
until September 20. Bickel's  
bonds were placed at \$500 and Mrs.  
Gallup's at \$500.

Is Hysterical.  
When Mrs. Gallup found that she  
was not to have an examination until  
Sept. 20, she went into hysterics and  
for an hour was in such a condition  
that it took the entire court force  
to quiet her. She is subject to  
these spells when under any mental  
strain and the one yesterday after-  
noon surprised the court by its length  
and intensity.

Killed Hogs.  
Louis Preuss, of Footville, was  
before the court yesterday afternoon  
on the charge of having killed two  
hogs belonging to James Murry, Jr.,  
Mr. Preuss plead guilty to the charge  
and stated that he had been bothered  
by the animals in his cornfield and  
one night went out looking for them.  
He heard the animals running in the  
corn and shot at them with his re-  
volver. He shot more to frighten them  
than anything else and did not know  
he was killing hogs.

In view of Mr. Preuss' statement  
Judge Filfield imposed a fine of \$5  
and costs which he paid.

A Drunk.  
Hannah Arquette was before the  
court on the charge of being drunk  
and disorderly. She plead guilty  
to the charge and on her promise to  
reform Judge Filfield suspended sen-  
tence for one week. In case she  
goes back on her word she will be  
given the limit.

Grain Is Injured: M. J. Sperry  
is home from a three months' visit  
in southwestern Kansas. He reports  
that the drought has injured the  
grain crop but made an immense  
fruit crop.

Twilight Club Meeting: The ar-  
rangement committee of the Twilight  
club are to be called together in a  
day or two by Chairman Filfield to ar-  
range a program for the coming ses-  
sion. The first meeting of the club  
will probably be held on October 14.

Monday the Day Set: It is ex-  
pected that Yeager & Son of Danville,  
Ill., the post office contractors will  
begin work on the excavation for the  
foundation Monday. Inspector Kink  
is tired of the delay and will see  
that the work is started at once.

Are Hurrying Work: The North-  
western is hurrying the work on the  
Galena street viaduct. One of the  
piers was completed today and the  
work on the others will begin at once.  
The road expects to have all the  
piers in place before cold weather.

## STRIKE OCCURS AT ROCKFORD FAIR

Ticket Takers Want More Pay, But  
the Carnival Proceeds with  
New Employees.

Rockford carnival promoters met  
with a new development in the an-  
nals of street fairs. On the midday  
of the week during which the Bos-  
tock-Ferrari Midway and Carnival  
company are drawing immense  
crowds, the ticket takers went on a  
strike.

Wanted More Money.  
Twelve out of sixteen men who  
were employed to look after Rock-  
ford's interests at the different  
shows decided that they were not re-  
ceiving as much money as they were  
entitled to. Accordingly they not-  
ified the committee and refused to  
work longer. They were all em-  
ployed as gatekeepers and guards at  
the Chautauqua assembly and at the  
fair and received \$2.50 per day.  
When they learned that they were  
to receive only \$2.00 for the work  
they immediately struck.

Easily Settled.  
No arbitration boards were called  
in, nor did the carnival company stop  
to reason with the strikers. New  
men were hired and all went on  
merrily as before.

## GIVE DELIGHTFUL DANCING PARTY

The Three Misses Fifield Give Very  
Pleasant Dancing Party at  
the Golf Club House.

The Misses Winifred, Ethel and  
Ruth Fifield were hostesses last eve-  
ning at an informal dancing party at  
the golf club house. The hall was  
handsomely decorated with daisies  
and golden rods and presented an at-  
tractive interior. The music for the  
dance was furnished by Roy Carter  
and was all that could be asked for.  
The young folks enjoyed themselves  
until midnight when the party broke  
up.

According to a decision handed  
down a short time ago by a court in  
Oshkosh, Wis., game wardens of  
Wisconsin cannot board trains or  
boats and examine the baggage of  
persons suspected of transporting  
game that may be out of season. It  
was held by the court that the law  
operated as a forfeiture of property  
rights and security, and it was  
therefore null and void. The decision  
will enable transportation com-  
panies to move contraband game and  
fish with impunity.—Northwestern  
Sportsman.

**MILTON.**  
Milton, Sept. 12.—The fall term of Milton college opened Wednesday with an attendance much greater than usual and the outlook is an encouraging one. Representatives are registered from most of the Western states and the East has quite a number represented. The new president is already a favorite with the students and as he meets our citizens and becomes acquainted will prove popular with them. The faculty are a unit and the people of Milton are taking a greater interest in the welfare of the institution than ever before.

Prof. Ludwig Kumlien being unable to resume his work in the college this term, Prof. G. M. Burdick '97 has been secured to take charge of his classes. Prof. Kumlien expects to take his place in the faculty at the opening of the winter term.

President Daland arrived Tuesday noon at Milton Junction and was met by a delegation of college boys with a carriage to which a rope was attached. They insisted upon drawing him home, headed by "Elam" who bore aloft the college flag.

Every one knows how great the consumption of oatmeal has become on account of its promotion by advertising. To indicate how other food products may be promoted Mahlin's Magazine for September says: "The consumption of oatmeal has increased sixfold in ten years. What would happen to cornstarch if exploited in a manner to create newer and more frequent habits of use?"

## TOO MUCH PROSPERITY.

It is a trite and time worn statement that the average man can't bear prosperity. What is true of individuals in this regard is equally true as regards political parties.

The era of prosperity through which the country is passing, is unparalleled in the history of the nation. The republican party is in power and very justly claims that with legislation and a protective tariff have much to do with good times, and yet the fact remains that the party is restless, and symptoms of unrest and discontent are apparent on every hand.

The state of Iowa, under the leadership of Governor Cummins, has practically declared for free trade and that erratic governor is rapidly coming to the front as an apostle of reform. The principles of reciprocity, as advocated by Blaine and endorsed by McKinley just before his death, are twisted out of shape, and free trade is openly recommended. This in spite of the fact that the home market, under the stimulus of good times, was never better than it is today. In fact it would be difficult to conceive of any plan that would add to the flood of prosperity that has swept over the country for the last two years.

Notwithstanding these favorable conditions, the party is restless and the air is full of all sorts of reform movements. Iowa would modify the tariff. Minnesota is after railroad mergers. Wisconsin is troubled over corrupt practices. Kansas is too busy just now gathering corn and apples to look after a grievance, but the state always has one in sight.

This spirit of unrest is not confined to political parties, but is shared by individuals in almost every calling or avocation. The merchant has a prosperous year and finds that he has made a little more money but his ambition is not satisfied. Life is too short to wait for the accumulation in legitimate channels, and so he invests his surplus and frequently more in some mining or stock venture a thousand miles from home, and becomes infatuated with a mania for speculation. He may win, but the chances are ten to one against him.

Labor is dissatisfied. Not the individual workman as a rule, but the organization to which he belongs. Work is plenty and the wage better than the average, but capital is said to be getting more than its share of profit, and so organized labor feels called upon to regulate.

Political economists and men who assume to be authority on economic questions are advancing new theories that contribute to the feeling of unrest and dissatisfaction, and so from the theoretically educated classes to the people who toil with their hands the notion generally prevails that in some mysterious way conditions should be revolutionized and a new order of things established.

This widespread feeling of unrest is dangerous to the welfare of the country and it is due largely to unparalleled prosperity. If the energy of every business man was bent to the development of legitimate business and if labor would intelligently apply its resources to accumulation, the era of prosperity would continue much longer than it can under existing conditions.

The reaction is as sure to follow as time is to transpire. Seasons of depression follow seasons of prosperity as naturally as the night follows the day.

It is always wise to make the most of opportunities, and they were never more numerous and more favorable than they are today. The sun is shining and it is a good time to make hay while the crop is abundant.

## FACTS ABOUT CUBA.

From a recent bulletin issued by the United States Geological Survey, entitled, "A Gazetteer of Cuba," compiled by Henry Gannett, geographer, the following suggestive facts about the island are taken. With an acreage of 44,000 square

miles and a population in 1899 of 1,572,797, only 3 per cent of the area of the island and 10 per cent of the area in farms were under cultivation. The most highly cultivated portions of the island were in Matanzas and Habana provinces, which lie adjoining in its western part, while in Puerto Principe, the large central province, cultivation was comparatively slight and the land was used mostly for cattle ranches. The crops, in order of acres cultivated, were: first, sugar cane, occupying somewhat less than half of the cultivated area; next, sweet potatoes, occupying 11 per cent of the area; tobacco 9 per cent, and bananas a trifle less than 9 per cent. Tobacco and sugar were grown in all the provinces. In 1899 there were in Cuba 207 sugar mills, with a daily production of 61,407 bags.

Light is thrown on the depopulating effect of war in Cuba by the comparison of the census of 1899 with that of 1877. In the latter year it was 1,631,687, or 59,000 more than twelve years later, in 1899. Allowing for the probable increase in the population between 1887 and 1895, the year in which the insurrection broke out, the loss of life, as indicated by the two censuses, may be estimated at nearly 200,000, a loss to be attributed to the war and the accompanying reconcentration.

The bulletin is accompanied by maps and charts, and contains nearly 4,000 geographic names.

## CHILD LABOR IN THE SOUTH.

The following extract from the New York Nation is of interest to all who are interested in the welfare of the poor children who work in southern cotton mills:

"The report of the Alabama committee on child labor in the south is an important publication. It puts in compact form the facts regarding this abuse, and it should be in the hands of all interested in rescuing the poor slaves of the spinning room from a childhood of drudgery. According to statistics, the number of children under sixteen years of age employed in the Alabama factories increased 140.9 per cent during the decade ending in 1880, and 106.5 per cent between 1880 and 1890. Between 1890 and 1900 the increase was 270.9 per cent. Of the 40,044 textile operatives in North Carolina, 7,596 are under 14 years of age, while the average wage of the child has decreased from 32 to 29 cents per day in that state. In some places in the south the daily wage is as low as nine cents per day, incredible as it seems, and this for 12 hours of labor! In all it is estimated that there are at least 22,000 such child victims of the rapacity and selfishness of the northern and southern owners of mills in the south, and from 9,000 to 10,000 of these are under the age of 12."

The facts contained in the report are significant for the reason that northern greed is responsible for the condition.

The days of southern slavery have been history for nearly 40 years, and yet the conditions of children in the cotton district of the south is worse today than bondage ever painted it. Alabama is dotted over with New England cotton mills. They are backed by northern capital, and largely controlled by northern men. The state like many of the southern states, is destitute of laws governing child labor, and the moral code is so low that humanity is ignored. If the state cannot be induced to remedy the evil, it is time for the government to take hold of the question.

A Kansas man reports the corn crop of that state, as already out of the way of frost and the largest in the history of the state. He says that the yield will be from 50 to 60 bushels; forty cent corn with 150,000,000 bushel crop means a fortune for the state. The apple crop is also very large and the women will have plenty of pin money.

History repeats itself. The democrats have chosen the red rose for their emblem and the La Follette people are seriously considering the white rose. It is not so many years ago that the English nation were stirred up to strife by these same flowers.

Democracy has cause to hope. Androscoggin county, Maine gave them an increase vote over two years ago of five votes and still went republican by two hundred and sixty votes out of three hundred. Hurrah for democracy.

Even the Missouri mule is become satisfied with the general prosperity. It can now have a good feed of corn and hay instead of tin cans, dead grass and old musty meal.

Has David Hill gone to the tall timbers since it was announced he never had kissed a woman for fear some one will try and kiss him? Come out David no one wants to.

## LAST RITES FOR JOHN C. SPENCER

DECEASED CHIEF LAID AT REST  
WITH SIGNAL HONORS.

### IMPRESSIVE SERVICES HELD

Odd Fellows and Fire Department  
Serve as Escort for Unique  
Funeral Car.

With solemn honors, such as are accorded but few citizens, the remains of the late John C. Spencer, chief engineer of the Janesville Fire Department, were laid in their final resting place in Oak Hill cemetery this afternoon.

Funeral services were held from the home at 217 North Bluff street, at 2:30 o'clock, being conducted by Rev. J. H. Tippett, pastor of the Court street M. E. church, who spoke sympathetic words of comfort to the bereaved family and friends and paid tribute to the departed as a splendid citizen and a kindly man.

There was an unusually large attendance of friends and those who had been connected with Mr. Spencer in civic and fraternal relations. Janesville lodge, No. 90, I. O. O. F., and Odd Fellows from Wisconsin Lodge No. 14, the Janesville Fire Department with many former members and the fire police were all present as organizations, the city officials also being in attendance. A delegation from the city council and fire department of Jefferson was also present.

Beautiful floral designs  
Seldom have a more abundant wealth of beautiful flowers borne messages of sympathy to a bereaved home. Among the special designs was an immense shield, bearing the dates "1835-1902," with the words "Our Chief" above and "At Rest" below, the design being executed in pink and white roses, carnations, asters and sweet peas, which was the tribute of the Janesville Fire department to its departed chief. The city officials sent a "Gates Ajar" in the same beautiful flowers, former associates and friends in the Gazette office sent a broken circle of white asters and a spray of five dozen pink roses was the tribute of the class of 1903 of which Miss Jessie Spencer, one of the bereaved daughters, is a member. There were also many tributes from personal friends.

A unique but especially appropriate feature of the funeral was the use of Hove Wagon No. 3 as a funeral car, instead of a hearse. The wagon was heavily draped with black and white, the space between the sides of the wagon and the black pedestal being filled the entire length with flowers. The casket, almost concealed with flowers, rested on the pedestal and friends who knew how closely Mr. Spencer's interests were identified with the fire department felt that no honor could have pleased him more than this manner of conveying his remains to the grave.

Impressive Procession

The funeral procession was an impressive one. The Fire Police and Fire Department preceded Janesville Lodge, No. 90, I. O. O. F., which served as an escort for the funeral car, on either side of which marched the four pall bearers, Peter Champion, Patrick Gallagher, Jas. McGinley and Thomas Abbott, all of the department. Driver William A. Scott had charge of the funeral car, which was followed by the bereaved relatives, the city officials, and a long line of personal friends in carriages.

Odd Fellows Officiate

At the grave the services were conducted by Janesville Lodge, No. 90, I. O. O. F., the impressive burial service of the order being used. Only a part of the fire department accompanied the remains to the cemetery the others returning to the city from the corner of Washington street and Mineral Point avenue in order to be ready for duty in case of a fire alarm.

IN THE VALLEY OF THE SHADOW

Oscar D. Wright

The pall bearers at the funeral of Oscar D. Wright yesterday afternoon were the three brothers of the deceased, Dr. Wright of Clinton, Orville of Chicago, and Omer of Beloit, and a brother-in-law, George Loomer of Benton Harbor, Mich. Music was furnished by a quartette consisting of Miss Elizabeth Palmer, Mrs. Elmer Van Pool, Miss Cora Anderson and Mr. J. S. Taylor.

Mrs. Archie Waterman

Word has been received of the death of Mrs. Archie Waterman which occurred at Wausau at three o'clock this morning. Mrs. Waterman, who was thirty-six years of age, was for many years, a resident of Janesville and had many warm friends in this city, who will be deeply grieved to hear the tidings of her death. The remains will be brought to this city for burial.

Besides many sorrowing acquaintances, Mrs. Waterman leaves several grief stricken members of her immediate family to mourn her demise. They are, besides her husband and one child, her mother, Mrs. Mary A. Hall of this city, and five brothers and two sisters. The brothers are W. H. and F. C. of Janesville, Robert J. and Edwin of St. Paul and Theodore of Dale, Wis. The sisters are Mrs. Augustine Settle of South Dakota and Miss Allie Hall of Janesville.

Miss Edith Johnson

Simply and impressively in the presence of a few of the immediate relatives the funeral of the late Miss Edith Johnson was held at 10:15 this morning from the chapel at Oak Hill cemetery. The pastor of her church in Chicago, Rev. S. C. Hawkins, of the Central Park church, conducted the service. The pall bearers were the brothers and cousins of the deceased.

Rev. J. H. Tippett, who has been in Milwaukee attending conference returned today to conduct the funeral of the late John C. Spencer. He will return to Milwaukee.

## STANNARD WINS SHOOTING MATCH

HE DEFEATED HIS WISCONSIN  
RIVAL THIS AFTERNOON.

### UNDER AUSPICES OF GUN CLUB

Local Sportsmen Participate In Contests of Marksmanship at Athletic Park To-day.

The shoot of the Janesville Gun Club opened this morning at 10 o'clock. The number of shooters present at the beginning of the shoot was small, but increased as the morning progressed. The day was an ideal one for shooting, there being no wind to drift the birds, although a little sun would have helped the shooters to see the targets.

There Early.

Stannard, of Chicago, who shoots in the one hundred bird race with Dr. Stephenson was early on the ground getting used to surroundings. He shot in all events of the morning and showed up in first class shape.

Stephenon Arrived.

Dr. Stephenson arrived on the Broadhead train and shot in the two fifteen bird races. He did not appear as good as advantage as Stannard, and did not make a good score in either match. Some of the shooters had an idea he did not wish to show his hand and dropped some birds to give his backers a chance to get better odds in case there was any betting on the result of the race.

There was plenty of Stannard money around, but the Broadhead crowd did not show any inclination to bet.

The Results Were.

The matches shot during the morning were:

First match 10 birds entrance 75 cents.

Stannard, 9.

Carter 8.

Bingham 8.

Brown 5.

McKinney 9.

McKinney and Stannard divided first money, Carter and Bingham second, and Brown took third.

Second Match.

Second, 10 birds, entrance 75 cents.

Carter 9.

Stannard 10.

Bingham 8.

Brown 5.

McKinney 7.

Tallman 8.

Stannard won first money, Carter second and Bingham and Brown divided third. Tallman shot for birds only.

Third Match.

Third match, 15 birds, entrance \$1.

Bingham 15.

Carter 10.

McKinney 14.

Brown 12.

Stannard 13.

Dodge 12.

Stephenson 12.

Bingham won first, McKinney second and Stannard third.

Fourth Match.

Fourth match, 15 birds, entrance \$1.

Bingham 13.

McKinney 15.

Carter 12.

Brown 10.

Stephenson 10.

Dodge 14.

Stannard 13.

Ban 10.

Murlock 10.

McKinney won first, Dodge second and Bingham and Stannard divided third.

Fifth Match.

Fifth match, 10 birds, entrance 75 cents.

Bingham 9.

Brown 7.

Dodge 8.

Stannard 10.

McKinney 8.

Barker 8.

Ban 4.

Stannard took first, Bingham, second and Dodge, McKinney and Barker divided third money.

The Big Match.

The Stephenson-Stannard match started at two o'clock. The conditions were one hundred birds, \$100 a side, American association rules to govern. It was agreed between the shooters to have a rule of no bang, no bird, so that misses would not count. H. H. McKinney was selected to referee the match.

Stannard Wins.

W. D. Stannard of Chicago was the victor in the match of the day. His score of 81, out of a possible 100 was 8 better than Dr. Stephenson's of 73. The match created considerable excitement and some money changed hands. After this contest there were several sweepstake affairs in which local shots competed, dividing purses.

FUTURE EVENTS

"You Yonson" at the Myers Grand tonight.

Francis Murphy, the apostle of temperance, speaks here Sunday.

Otis Skinner at the Myers Grand next Monday evening.

A. O. U. W. Meeting: There will be a regular meeting of Olive Branch Lodge, No. 36, A. O. U. W. this evening at East Side Odd Fellows hall.

Pleasant Missionary Tea: The Woman's Foreign Missionary societies of the Congregational church held an interesting meeting in connection with their annual thank offering service in the church parlors yesterday afternoon. There was a large attendance, about fifty ladies enjoying the inspiring program which included an interesting feature—a letter from Miss May Cunningham from Alaska. After the program a delicious supper was served at long tables prettily decorated with flowers.

Special Shoe Sale

The greatest wholesale slaughter of fine shoes ever known in the city of Janesville, 200 pairs ladies' and misses \$3.00 to \$5.00 shoes and 200 pairs boys' \$1.50 to \$2.50 shoes all go at 69c. No old style shoes in the lot. Everyone the latest patterns. FAIR.

A Wonder

J. M. Hostwick & Sons' stock of dress goods is a wonder. Where in this part of the country is there a more complete stock? Shelves and counters are groaning under the immense showing of new fall and winter dress goods. Read through the advertised new things—just a few of the many they show.

## SAYS THE BONES ARE NOT HUMAN

SPOILS SENSATIONAL THEORIES,  
IF SHERIFF'S REPORT IS TRUE.

### JANESVILLE MAN CONCERNED

One of the Stories Says He Murdered the Man and Married His Widow.

After carefully investigating the matter Sheriff Gorman of Boone county, Illinois, has come to the conclusion that the bones which were unearthed on the farm of Andrew Roth near Beloit are not human. The bones will be submitted to an expert for an examination and the sheriff believes that the result of the analysis will corroborate his theory.

Witnesses Examined

Several persons have been called in to testify, and the statement made is said to support this latest theory. It is also stated that the owner of the farm has altered his original opinion that the bones were the last traces of a crime which was committed many years ago.

All of this is very reassuring to Mr. Roth who was on the point of changing the location of his new cellar after making the discovery. But it may spoil a good story which is told by an old resident of Beloit, implicating a Janesville man of the crime.

In fact the story is commonly repeated by many others and they scout any theory which fails to incriminate the man whom they accuse.

As the story now runs a man, woman and two children came into the neighborhood about thirty years ago to live near the farm where the bones were found. Another man who later moved to Janesville, lived not far from there and was known to be very friendly with the woman. After a short time the woman's husband disappeared and about six months later she was married by the second man and they soon after moved to the Lower City to live. The Beloit man who relates this account has lived in Beloit for many years and feels confident that the facts are as he tells them and that the second man, with the help of the woman murdered the husband and buried his remains in a bed of lime.

Meanwhile efforts to fathom the mystery will be continued.

Was A Hog

Unfortunately for the supporters of the murder story physicians at Belvidere, Illinois, to whom Sheriff Gorman submitted the bones, have pronounced them those of some animal, probably a hog. Since this information was received it is considered improbable that the investigation will continue further.

### PRESS COMMENT.

Chicago News: County democracy pledges must be the limit when Dave Rose declines to come.

Appleton Crescent: Republican leaders will probably point with pride to the republican situation in Wisconsin as an edifying example of harmony.

Milwaukee Sentinel: The big corn crop it is expected, will be the means of reducing the price of beef but will not affect the price of coal so far as we can see.

Madison Democrat: Some of the conventions are endorsing both Spooner and LaFollette. It falsifies the boy's version of the mathematical axiom that things that like the same things like each other.

Madison Democrat: Over in England the beef trust tells the dealer what to pay for his meat and then sells it to him. But this is the common method with all the combines.

Chicago Record-Herald: A Pittsburgh clubman has been arrested for stealing golf balls. Yet some people have tried to make the public believe it is dying out.

Green Bay Gazette: The grand old state of Illinois is reveling in a scandal among her state officials that is attracting considerable attention. Senator Billy Mason is giving the matter an airing.

Plain Dealer: Prince Boris evidently is having the time of his life. Just think of the excess of ambition he displayed in trying to drink all the champagne that a Chicago girl's slipper would hold.

Oshkosh Northwestern: The late Pierre Lorillard was wont to remark that in order to live like a gentleman it was necessary to have an income of \$1,000 a day "and expenses." But the most of us would be willing to take even the thousand and let the expenses go hang.

The Oshkosh Northwestern: Nobody wants to check the present era of prosperity, but it is becoming quite evident there is a growing number of people who do not believe they are

getting their full share of it and they are searching for the reason.

Indianapolis Journal: It seems that by this time republican papers should know that there is no duty on anthracite coal, but the La Follette organ in Milwaukee asserts that the duty on such coal is 75 cents a ton.

Milwaukee Sentinel: There would not be so much grumbling over the necessity of using overcoats in August if we had the assurance that palatial fans would be available next January.

Kenosha News: Anybody can be excused for doubting the sincerity of the administration's protests that the opposition to Spooner has been "dropped" after reading the circulars sent broadcast over the state from the bureau at Madison.

La Crosse Republican and Leader: Dr. Anderson is made of the material conservative, high-minded and honest that the people prefer to elect. His nomination would bring the democratic vote 40,000 nearer victory than if Rose was running.

Plymouth Reporter: Mayor Rose of Milwaukee, while a man of great ability and perhaps the ablest campaigner in the state, possesses elements of weakness that would cause discord in the party and this should be avoided.

Green Bay Gazette: Little sympathy will be wasted on the New York brokers who were induced to contribute to a Wisconsin woman on the plea of her poverty. She may have broken the law but her crime against society is not a very good one.

La Crosse Republican and Leader: After a search of two years, the democratic party can find no issue, and it should begin to know that the republicans have the right side of every public question at the present time. It is awkward, of course, but facts are facts.

St. Paul Pioneer Press: A young woman employed in the government printing office is a second time out in the cold world with out a job because she wore her hair in a manner to interfere with her work and refused to reform it. Fearful and wonderful coiffures parade the streets

but there are few that even a printing press would care to monkey with.

Chicago Chronicle: The circumstance that the populace of Watertown, Wis., has taken to rotten-egg evangelists. Indicates that the populace of Watertown, Wis., is in urgent need of evangelists. A brigade of the Salvation Army should be mobilized and dispatched forthwith to wrestle with the hosts of sin in Watertown.

Special Fares for Trip To the National Capital.  
Persons contemplating attending the 36th G. A. R. Encampment at Washington, D. C., in October, or who desire to make a sight-seeing trip to the National Capital should write H. R. Dering, A. G. P. Art, South Clark, St. Chicago, regarding low fares, stop-over privileges, side trips, etc., for that event. Home Visitors' excursion tickets to Indiana and Ohio points will be sold at the same time.

WEEKLY CROP BULLETIN.  
General Remarks: The drought, which had become quite serious, was broken by the generous rains during the latter part of the week, and fall ploughing is now being advanced rapidly, with the soil in excellent condition. Although corn has not generally made rapid advancement during the past few weeks, there is a general feeling of satisfaction among the farmers in regard to the crop situation for the season.

Temperature and Precipitation: A cool wave of moderate intensity passed over the state during the middle of last week, resulting in light frosts of Thursday and Friday mornings, except in a few exposed localities. General rains occurred during the latter part of the week throughout the state. In the central and northern sections the rain was heavy, several points reporting precipitation in excess of one inch, while in the southern counties only light showers occurred. The soil is now generally in good condition for ploughing, but more rain would be beneficial.

Corn: The growth of corn has been materially retarded by the cold and dry weather, and much complaint is being made about the ear not fully forming. The early part of the week was favorable, the temperature being moderately high, but lack of moisture greatly interfered with the normal advancement. The late rains however, have not been without benefit and will hasten the maturity of the crop to some extent. Much of the early plantings has been cut, but the major portion of the crop will require about ten days to mature.

Grain: Threshing is still in progress, and in some sections about completed; the yield, although not up to the expectations in quality is generally satisfactory.

Buckwheat: The crop is ready to cut in some sections, and in others will be matured shortly. Considerable complaint of blight is made, but the outlook is promising.

Clover and Pastures: The second crop has been well secured, but where threshed for seed is not up to expectation. Pastures, which were very badly dried out, have improved greatly with the late rains. Some sections, however need rain very badly.

Potatoes: The early crop has been secured, and the late varieties are beginning to ripen. There is more than the usual complaint of blight.

Tobacco: The bulk of the crop has been secured in excellent condition and is reported as curing well. The crop as a whole is better than the year before.

Apples: The apple crop is generally very much better than was thought possible earlier in the season. The trees are well loaded and the quality excellent.

Cranberries: The cranberry crop is in very excellent condition and a good yield is anticipated. Picking began on most marshes during the week. There is a lack of water in some sections. If no frost occurs during the next ten days a large crop will be gathered.

Southern Section.  
Black Earth, Dane county: Corn needs ten days to fully mature; potatoes all dead; threshing progressing slowly; all grains yielding well and quality good.—J. Fessenden.

Prairie du Chien, Crawford county: Some corn cut, ears not filled out well; potatoes a good crop.—J. Fincke.

Beloit, Rock county: Tobacco harvest completed, and crop goes to the shed in fine condition; some early corn being cut; threshing progressing rapidly; yield and quality hardly up to expectations, although some turning out well.—A. C. Powers.

Kilbourn, Columbia county: The dry weather has injured corn and potatoes, and some fields of potatoes are reduced one-half; apple crop much improved.—M. M. Hayes.

W. M. WILSON, Section Director.

## BATTLESHIP IOWA IS IN PERIL

Brazilian Official Sends Aid to American War Craft Aground.

Rio Janeiro, Sept. 12.—The United States battleship Iowa, which ran aground near Cape Nossa Senhora do Desterro and the island of Millo, had just finished target practice and was returning to Friars Island, when she struck. The Brazilian minister of marine ordered a warship to go to the aid of the Iowa.

Cape Nossa Senhora do Desterro is on the island of Santa Catharina, 460 miles southwest of Rio Janeiro. The island is about half way between Montevideo, Uruguay, and Rio Janeiro.

The Iowa is the flagship of the south Atlantic squadron. Captain Thomas Perry commands the Iowa.

## KNOCKED OUT IN SIX SECONDS

Peter Maher Finishes Jim Jeffords With a Couple of Punches.

Philadelphia, Pa., Sept. 12.—Peter Maher knocked out Jim Jeffords in six seconds at the Broadway Athletic club. The men fought at catch weights and were to have gone six rounds. Maher brought his right flush on Jeffords' jaw, dropping the latter to the mat. After a few seconds Jeffords made an effort to rise, but again fell back. He managed to pull himself together and staggered the full width of the ring and while hanging on the ropes Maher again sent his right to the jaw and Jeffords went down and out.

## Bones Are Not Human.

Beloit, Wis., Sept. 12.—The bones found on the Ruth farm near this city prove not to be human. Sheriff German of Boone county has thoroughly investigated the case, and finds nothing worthy of the sensation the case has created.

## Jolly Jack Tar.

"Jolly" is the word generally associated with the jack tar. He is the picture of health, and the health bubbles over in mirth and merriment. When people are sick, especially when sickness attacks the lungs the doctor often advises a sea voyage. But in the large majority of cases the sea voyage is impossible.

It is to the men and women of the workaday world to whom sea voyages or change of climate are impossible, that Dr. Pierce's Golden Medical Discovery comes as the greatest earthly boon. The effect of this medicine upon those whose lungs are "weak" is remarkable. Even where there is bronchitis, spitting of blood, emaciation, weakness, conditions which if unchecked or unskillfully treated lead to consumption, "Golden Medical Discovery" in ninety-eight cases out of a hundred works a perfect and permanent cure. It strengthens the stomach and other organs of digestion and nutrition, so that the body in all its parts is not merely fed but nourished. And it is by nourishment that Nature builds up the body to resist or throw off disease.

"I had a terrible cough something over a year ago and could find nothing to stop it, or even to do me a particle of good," writes J. M. Farr, Esq., of Cameron, Screven Co., Ga. "I chanced to see an advertisement of yours, and forthwith bought a bottle of your invaluable 'Golden Medical Discovery.' Before I had taken half a bottle I was entirely well."

Dr. Pierce's Pellets cure constipation.

## SHIPS TO GUARD PANAMA CITIES

### WILL KEEP THE RAILROAD OPEN

Revolutionists Control Towns Along the Route and Marines May Be Landed and Placed on the Trains From Panama City to Colon.

Washington, Sept. 12.—The situation on the isthmus has suddenly become so serious that the navy department has ordered the battleship Wisconsin to Panama and the cruiser Cincinnati to Colon.

The U. S. S. Panther was also ordered to take on board a battalion of marines, 350 men, and proceed with all haste to Colon.

The Wisconsin has orders to prevent the bombardment of Panama from the sea by the revolutionary gunboats, and to land marines, if necessary, to protect the railroad property.

Marines May Land.  
The Cincinnati has similar orders for Colon. The battalions of marines will, if necessary, land at Colon to keep the isthmian railroad in operation. In order to do this the marines will, if necessary, patrol the road for its entire length and place guards on every train.

The Wisconsin is now at Bremer-ton, Wash. The Cincinnati is at Cape Haytien. The cruiser Montgomery has been ordered to proceed at once to Cape Haytien to guard American interests there during the progress of the revolution.

### Officials Are Surprised.

The sudden turn of events at Panama came as a surprise to officials of the state and navy departments. Affairs in that quarter had quieted to such a degree that only the little gunboat Ranger kept watch. The Marietta was keeping a close eye on the trend of affairs in Venezuela, and the Cincinnati was performing similar duty in Hayti. The emergency arose so suddenly, therefore, that Hayti must be left unwatched by an American war vessel during the interval between the departure of the Cincinnati for Colon and the arrival of the Montgomery in Haytian waters.

### Rebels Have Gunboats.

It is thought that the center of trouble is likely to be at or near Panama City, and it is for that reason and because of the small size and complement of the Ranger that the big Wisconsin has been dispatched to the scene.

The revolutionists already control points along the isthmian railroad. They have captured the principal government force sent against them at Agua Dulce. The only Colombian warship on the Panama side of the isthmus fell into their hands several weeks ago. They now have several gunboats cruising almost within sight of Panama. An attack is expected at any time.

### Rebels Burn Towns.

It will take the Wisconsin fully twenty days to make down the Pacific coast to Panama. The Cincinnati will only consume a few days in the trip across from Cape Haytien to Colon.

The Montgomery is expected to arrive at Cape Haytien next Thursday.

It is realized that notwithstanding the absence of a Haytian navy on either side of the revolutionary struggle, there is danger that some of the ports where American property interests are large may suffer because of the practice which has grown up in the course of the rebellion of burning towns before evacuating them.

### SNOW FALLS IN BLACK HILLS

First Storm of the Kind This Season Leaves the Ground White.

Lead, S. D., Sept. 12.—The first snow of the season fell yesterday. The snow here melted as it fell, but at Bald mountain and other points north the ground is white.

Cheyenne, Wyo., Sept. 12.—A cold wave swept over Wyoming last night, the mercury dropping to 30 degrees, and to-day it snowed.

Council Bluffs, Iowa, Sept. 12.—Indications are that southwestern Iowa will be visited by a killing frost. Corn is generally so far advanced that little damage will be done.

### PLANNING PEORIA CONVENTION

Illinois State League of Republican Clubs is Preparing.

Peoria, Ill., Sept. 12.—John W. Parker of Watertown, Ill., president of the State League of Republican Clubs, is in the city in conference with the state central committee and the local executive committees. The purpose of the meeting is to complete preparations for the coming state convention of Republican clubs, to be held here Sept. 24.

### Miles Starts Journey.

Washington, Sept. 12.—Lieutenant General Miles has left for the west. He will sail from San Francisco on the transport Thomas for the Philippines, where he will make a tour of inspection of the army in the islands.

### Whitney Buys Colt.

London, Sept. 12.—A colt by Perminon, out of Surprise-Me-Not, was bought by W. C. Whitney for \$15,270 at the Boncaster sales. Seven colts and three fillies brought \$53,394.

Pennsylvania has sent a delegation of citizens to look over our insane hospitals. They have carefully inspected all of them and now say that the Wisconsin insane take the cake and they are going to pattern after them. Pennsylvania has some pretty crazy people there too.

### BABY GIRLS ARE IN LOW ESTEEM

Fathers of Feminine Infants Subjected to the Knout.

St. Petersburg, Sept. 12.—The commander of the Cossack station at Wertschink, anxious that his district should show a preponderance of males, has ordered that the father of every girl baby born in the district shall receive fifty strokes with the knout. Several men have already been knouted under this ruling.

### JUDGE DURAND MUCH BETTER

Michigan Gubernatorial Candidate is Improving in Health.

Flint, Mich., Sept. 12.—Judge Durand, the Democratic candidate for Governor, is improving rapidly. The latest reports from his home say that he can now eat toast and soft food. According to the statements issued he is able to walk around his room, although his physician will not allow him to move often.

### Death of a Rebel General.

Port-au-Prince, Hayti, Sept. 12.—The revolutionary general, Chleoye, has been tried by a military tribunal and sentenced to be executed at Jacmel, Oct. 9. He was defeated at Petit Gonve Aug. 9, and it is claimed he set fire to that town before evacuating it.

### Prison for Manila Editor.

Manila, Sept. 12.—Senor Vincento Valdes, the editor of a Spanish weekly paper, has been convicted of libeling Dr. Pardo de Tavera, a native member of the Philippine commission, and has been sentenced to six months' imprisonment and to pay a fine of \$2,000.

### Belgian Queen Has Relapse.

Spa, Sept. 12.—Marie Henriette, the queen of the Belgians, has been seized by a severe attack of asthma, and a physician has been hurriedly summoned from Brussels.

### McCormick Leaves Vienna.

Vienna, Sept. 12.—Robert S. McCormick, United States ambassador here, and Mrs. McCormick have left for London and will sail for the United States Sept. 17.

### Killed in Trolley Smash.

Chattanooga, Tenn., Sept. 12.—A car on the Chattanooga Electric railway jumped the track, instantly killing E. Clemmons, a passenger, and injuring James McFarland.

### Russell Sage Well Again.

New York, Sept. 12.—Russell Sage, who was confined to his home by illness, was back at his office and said that his indisposition had entirely passed.
